DETAILED ACTION

The request filed on 01/04/02 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No:09/387340 is acceptable and a CPA has been established. An action on the CPA follows.

Applicant cancels claims 11, 12, 14, 15 and adds new claims 44-51.

Claims 44-51 has been renumbered as 33-40 according to rule 126.

The addition of new claims 44-51 requires new restriction.

Election/Restrictions

Restriction to one of the following species is required under 35 U.S.C. 121:

- 1) Any one of the antigenic carriers recited in claim 35 or 36.
- 2) Incomplete Freund's adjuvant or alum.

The species antigenic carriers and adjuvants are distinct because they are structurally distinct.

Because these inventions are distinct for the reason given above and have acquired a separate status in the art, and because the searches for the groups are not co-extensive, restriction for examination purposes as indicated is proper.

Applicants are required under 35 USC 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are

added after the election, applicant must indicate which are readable upon the elected species. MPEP 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 USC 103 of the other invention.

Applicants are reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. 1.48(b) and by the fee required under 37 C.F.R. 1.17(h).
